ABOUT US

VENUS an ongoing Legacy

Venus Industries, a part of the JK Khurana Group, is situated in New Delhi and is a leading manufacturer and supplier of horeca in India. Over the last six decades, the company, which was started in 1963 under the vibrant leadership of Shri JK Khurana, has grown by leaps and bounds. The company has been dedicated to offering high-quality, innovative goods that satisfy the needs of its customers in India, since its inception. Handcrafted, custom-built, and elaborately designed flatware, chaffers, dinnerware, barware, and holloware have been created & released by "Venus".

In a similar way to his father's dynamism and invention, Parveen (Vicky) Khurana and his wife Mrs. Seema Khurana have expanded the "Venus Industries" tradition by introducing a distinctive, inexpensive, appealing, and elegant product line. About 25 years ago, Parveen (Vicky) Khurana began working for his father's company. With his humble, suave, energetic entrepreneurial skills, huge tenacity, and determination, he aided the company's creative goals. Following in their father's footsteps, Parveen (Vicky) and Seema Khurana are dedicated to providing the hotel industry with a completely new and exclusive assortment of luxury items. The Venus Product range has been expanded to include banqueting furniture and focused caterers as a result of their energy and excitement. They also have built a four-story showroom that showcases the whole Venus product line and attracts the industry's most demanding buyers. Shri JK Khurana, Mr. Parveen (Vicky) Khurana, and Mrs. Seema Khurana continue the original brand 'Venus' history today, with the same loyal personnel, machinery and infrastructure, and management.

ABOUT US

VENUS an ongoing Legacy

Venus Industries, a part of the JK Khurana Group, is situated in New Delhi and is a leading manufacturer and supplier of horeca in India. Over the last six decades, the company, which was started in 1963 under the vibrant leadership of Shri JK Khurana, has grown by leaps and bounds. The company has been dedicated to offering high-quality, innovative goods that satisfy the needs of its customers in India, since its inception. Handcrafted, custom-built, and elaborately designed flatware, chaffers, dinnerware, barware, and holloware have been created & released by "Venus".

In a similar way to his father's dynamism and invention, Parveen (Vicky) Khurana and his wife Mrs. Seema Khurana have expanded the "Venus Industries" tradition by introducing a distinctive, inexpensive, appealing, and elegant product line. About 25 years ago, Parveen (Vicky) Khurana began working for his father's company. With his humble, suave, energetic entrepreneurial skills, huge tenacity, and determination, he aided the company's creative goals. Following in their father's footsteps, Parveen (Vicky) and Seema Khurana are dedicated to providing the hotel industry with a completely new and exclusive assortment of luxury items. The Venus Product range has been expanded to include banqueting furniture and focused caterers as a result of their energy and excitement. They also have built a four-story showroom that showcases the whole Venus product line and attracts the industry's most demanding buyers. Shri JK Khurana, Mr. Parveen (Vicky) Khurana, and Mrs. Seema Khurana continue the original brand 'Venus' history today, with the same loyal personnel, machinery and infrastructure, and management.
