INTRODUCTION

Kenford is the leading brand in the food grade polycarbonate and Melamine products industry, useful in the world of hospitality and food service. Kenford stormed into limelight in the year 2009. An ISO-9001 and FDA-USA approved company, it makes lightweight and high performance food grade durable products.

Proudly made in India; Kenford complies with the international standards and quality in its products. Our product range includes Cafeteria Trays, Glasses, Bowls, Tableware, Compartment & Display items and other exclusive products which are fabricated by experienced and expert personnel as per the latest international quality standards. These are known for their compact design, robust nature and high utilitarian value.

All the products are food grade, unbreakable, stain proof and microwave safe; a rare compilation of features in one product. Kenford provides you three core services through its products; **Range, Quality and Value.**

At Kenford we always strive towards excellence and are committed to deliver best products at reasonable prices, so as to achieve maximum customer satisfaction. It is our vision to design cost effective products with unmatched quality. We work hard to create a long term relationship with our customers and strive for their trust in our services.

INSULATED PRODUCT SERIES

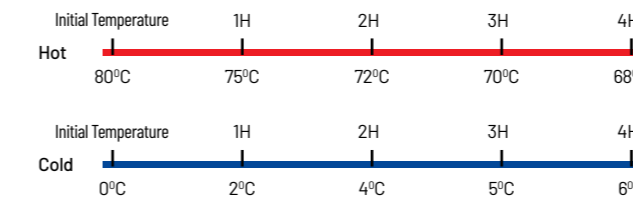

- Thermal Insulation products are the perfect choice for catering and food service operators, Excellent durability to withstand excessive Commercial use.

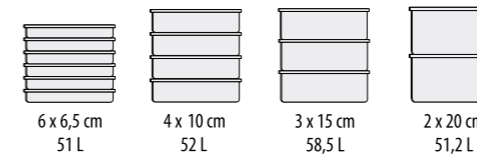

Insulated Pan Carrier

- It can hold food pans in sizes of 1/1, 1/2. With seamless PE construction, thick foam material, tenacious padlock and a dismantlable airtight gasket, it can preserve food heated for several hours without external power supply.
- A vent cap can balance pressure and help easy opening.
- Non-slip handles make it easier to be carried.
- A durable nylon latch will never get rust.

Easy to Clean

Durable

Insulated Pan Carrier (Electric)

- Designed for both electric hot holding and non-electric transport.
- Holds a wide variety of foods such as pasta, half fried items, and double-crusteds pies.
- Energy consumption is substantially less than comparable metal cabinets.
- Will not rust or dent like metal cabinets, is more economical, and is easy to maneuver.
- Hot food temperatures, for up to 4 hours when unplugged.

Insulation Effect

(Capacity is double for KPCH-03)

KPCH-03

KPCH-02

Power On and Heat On Indicators
Indicate the Power and Heating status of the unit. Know instantly when the compartment has reached target temperature.

Vents
Consistent heating throughout the compartment is generated by vents that constantly circulate heat from front to back.

Exterior
All units are made of tough, polyethylene with polyurethane foam insulation to keep heat in while keeping the exterior cool to the touch. Will not crack, dent, chip, rust or break.

Insulation
Foamed-in place polyurethane foam insulation will hold temperature above 64°C for up to 4 hours when used unplugged.

KPC-UT

Code	Specification	Size (mm)
KPCH-02	Electric Single Pan Carrier	680 x 477 x 620
KPCH-03	Electric Double Pan Carrier	680 x 477 x 1330
KPC-UT	Trolley for Pan Carrier	710 x 530 x 230

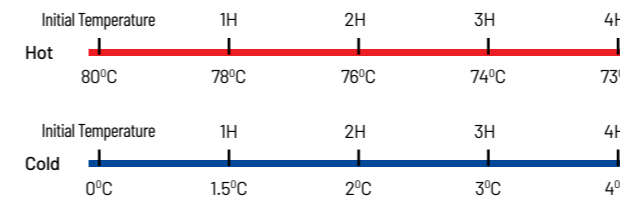

Insulated Beverage Containers

- Keep beverage hot or cold and fresh for hours.
- Suitable for the restaurant's foreground and background.
- Seamless double-wall PE construction and foamed-in-place polyurethane insulation ensures years of reliable service and prevents liquids from seeping walls.
- Molded-in mounting plates prevent latches from pulling out.
- Drip-proof recessed spigot allows for easy accessing and can be easily adjusted without tools.
- Wide service opening accommodates larger cup or coffee pots when units are stacked on a riser
- Interlocking construction allows for stable stacking and space saving.

Insulation Effect

Vent caps
Balanced pressure makes the container easily open.

Recessed faucet
Accommodates for larger cups, Two positions, one for continuous pouring. And the other for individual dispensing.

1 inch ultra latch
With durable plastic ultra latch. It won't rust.

9.5 inch ultra latch
Wide nylon latches are rust free and easy to open and close by one hand.

Insulated Ice Caddy

- The caddy stores ices and keeps ices from melting.
- Thick foam construction helps better preservation.
- The sliding lid helps to reduce cross contamination.
- The water tank and a drain shelf separate water and ices, prolonging storage time.
- The ergonomically designed handles make transporting easy.

Code	Specification	Size (mm)
KIC-110	Insulated Ice Caddy 110 Ltr	800 x 585 x 745

Adjustable Dish Caddy

- Polyethylene divider is easy to adjust, flexible configuration holds a variety of plates.
- Non-marking casters for easy transport of loaded caddy.
- Extremely Durable. Heavy duty polyethylene construction
- Protects bone china and ceramic from chipping, Won't chip, crack or rust.

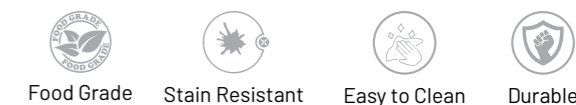

KADC-01 Layout for 6" to 13" Plates

GLASS RACKS

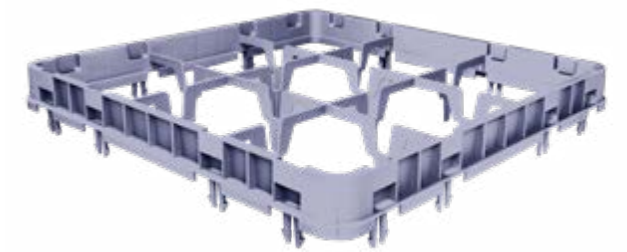

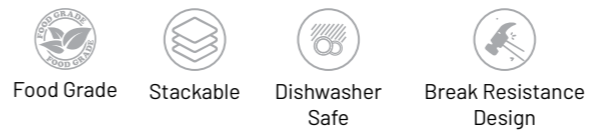

Features

- Easy to handle, with 1.3cm overlap area and smooth sides, Kenford racks interstack with all racks from major dishrack manufacturers.
- Open inside compartments provide thorough circulation of water and cleaning solutions, and promote quick and thorough drying.
- Extremely durable, long-lasting polypropylene built to withstand chemicals and high temperature up to 200°F (93°C)
- Closed external walls are designed for optimum cleaning and storage, Kenford racks keep finger and contaminants out and reduce risk of breakage and injury.
- Easy to carry, easy to grip handles on all four sides as well as smooth overlapping sides and rounded corners, reduce the risk of injury.

STORAGE CONTAINERS

Made of Impact, stain and chemical resistant polycarbonate material, food acids or oils won't stain or harm the container. With stand temperature from -40° to 99°C, So container can be used in the freezer or cold cabinet.

Non-slip surface

Outer container corners, edges, and the bottom has a non-slip grip surface design, Reduce scratching, keep beautiful appearance, increase the using time.

Wide and Easy Grip Handles

Wide comfortable design with textured finish provides a secure grip. Drain holes in handles offer quick drying. Special wide handles easy carrying and save space.

Stackable lugs

Corner stackable lugs add strength rigidity and prevent jamming when stacked.

Textured Lid

Non-slip texturing provides secure stackable and scratch resistance

marked with contents
Spare space of the lid can be marked with contents and date indicators, convenient to keep the quality and freshness of food.

Textured Lid
Made of polyethylene; Non-slip textured surface is resistant to scratches and helps more stable stacking.

Stable Handles
Wide and Easy Handles Wide molded-in and textured finish handles in larger sizes ease carrying. Drain holes in handles allow for quicker drying. Wide cove handles save effort when transported and do not waste space.

Stackable lugs
Corner stackable lugs add strength rigidity and prevent jamming when stacked.

Quantity indicator
Quantity indicators on two sides in litre and Qt for easy measurement.

Textured Finish
All corners, edges, handles and the bottom are designed with textured finish. It can reduce scratches, increase service time and provide safe use.

G.N. PANS

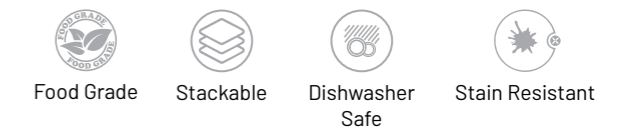

- Uniform 1,27 cm flange ensures a smooth fit in prep tables and food bars.
- Won't react with food; minimizes potentially hazardous chemical or acidic reaction.
- Textured bottoms resist scratching.
- Non-stick smooth interior surface increases yields and promotes easy cleaning.
- Molded-in graduations in standard and metric for easy inventory management.
- Virtually unbreakable Kenford GN Pans withstands temperatures from -40° to 99°C.

FOOD INGREDIENT BINS

- Drawer-type cover design makes it easy to scoop raw materials up with one hand, improving work efficiency.
- Insert rail for the scoop makes it easy to take out the scoop and doesn't make direct touch with the materials.
- Clear front cover helps quick identification of inside ingredients and better inventory management.
- Smooth interior and exterior makes clean-up easily.
- It can be easily moved with 3" castors.
- Ideal for storing dry bulk goods such as sugar, flour, rice and other cereals.
- Material PC & PP.

TONGS & LADLES

- Made of anti-breakage polycarbonate.
- Designed with an angled handle to avoid the ladle to slip into bowls.
- Portion control helps to serve the perfect amount of dressing or food ingredient.
- Lightweight and super tough construction makes no cracks, no dents and no rust.
- Featured with a notched back and a handle slot for easy rest or hanging.
- The flat tong is ribbed to ensure a secure hold.
- The scallop tong features an ergonomic design for a secure grip of items that are hard to hold.

- Look and feel of glass, durable material and easy to clean.
- High imitated crystal effect, strong refraction, crystal clear and elegant
- Virtually unbreakable compared to glass, while cheaper than glass.
- Diverse style suitable for the majority of HORECA customers.

DINNERWARE

- Food grade Melamine
- Break/chip resistance
- Useful in Catering, Cafeteria, Canteen, Fast food
- Stain proof
- Odourless

KEN FORD designs, produces, and supplies a wide range of Dinnerware items, including plates, bowls, cups, and serving dishes, often made from materials like ceramic, porcelain, stoneware, glass, or melamine. KEN FORD cater to both household and commercial markets, emphasizing durability, functionality, and aesthetic appeal. They often follow trends in design, offering modern, traditional, or customizable options to suit diverse preferences. Many prioritize eco-friendly practices, using sustainable materials and production methods. Dinnerware manufacturers play a vital role in enhancing dining experiences, combining practicality with elegance for everyday use or special occasions.

BOWLS & PANS

Food grade Melamine | Break/chip resistance
| Useful in Cafeteria, Canteen, Fast food
| Stain proof | Odourless

Cooking was magic and music combined. The crack of shells, the hiss of pancetta hitting a hot pan, the metallic clang of a whisk beating the side of a bowl, even the rhythmic thwack of a cleaver against a wooden cutting board.
